Playgroups

"We're all in this together"

Parent/child playgroups are now being offered in your community to provide parents an opportunity to enhance their child's social and emotional development through play. Just as importantly, social opportunities for parents are provided.

Typical activities include arts and crafts, free play, and guest speakers on topics of interest to new parents. The playgroups meet weekly at the same time and place, enabling families to form a healthy habit of having fun together.
