

The top left of the page features several decorative elements: a row of four circles (two solid green, two hollow green) and a larger hollow green circle below them. To the right is a stylized illustration of a green peapod with two smiling faces inside, and a small green character with a smiling face and four legs standing in front of it.

Peapod Program

New Parent /Child
Playgroups

*Connect with parents and
children in your area.*

"We're all in this together"

Parent/child playgroups for families with children birth to 5 years old are now being offered in your community to provide parents an opportunity to enhance their child's social and emotional development through play. Just as importantly, social opportunities for parents are provided.

Typical activities include arts and crafts, free play, and guest speakers on topics of interest to new parents. The playgroups meet weekly at the same time and place, enabling families to form a healthy habit of having fun together.

WHEN & WHERE

Summer Session 2012
Thursdays at 10:00 am
Every other Thursday, July 12—August 9
