

The top left of the page features several decorative elements: two solid light green circles, two hollow light green circles, and a stylized illustration of a white peapod with a green stem and leaves. Inside the peapod, two small, round, smiling faces are visible. Below the peapod, a small, round, smiling character with two legs is standing on a green oval shape.

Peapod Program

Parent /Child
Playgroups

*Connect with parents and
children in your area.*

"We're all in this together"

Parent/child playgroups for families with children birth to 5 years old are now being offered in your community to provide parents an opportunity to enhance their child's social and emotional development through play. Just as importantly, social opportunities for parents are provided.

Typical activities include arts and crafts, free play, and guest speakers on topics of interest to new parents. The playgroups meet weekly at the same time and place, enabling families to form a healthy habit of having fun together.

WHEN & WHERE
