Regular Commission Meeting And Public Hearing

Minutes

Thursday, June 27, 2013

Mono County Office of Education Conference Room 451 Sierra Park Rd., Mammoth Lakes, California

Commissioners Present: Stacey Adler, PhD, Chair

Kim Escudero, MD Rick Johnson, MD Jeanne Sassin

Staff Present: Molly DesBaillets, Program Coordinator II/Executive Director

Lara Walker, CARES Plus Coordinator Shannon Vallejo, Administrative Assistant

--Open Public Hearing--

Commissioner Sassin explained that she will be serving as Commission Chair for this meeting and called the meeting to order and opened the public hearing at 2:30 p.m.

1. Public Comment

None

2. Welcome New Commissioner

Commissioner Sassin: Welcomed the new First 5 Commissioner, Karin Humiston, who was unable to attend the Commission meeting due to illness.

Ms. Desbaillets: Passed on Commissioner Humiston's apologies for being unable to attend and related that she is looking forward to meeting everyone and being part of the Commission.

3. Executive Direction Position (ACTION)

Commissioner Sassin: Welcomed Molly DesBaillets as the new Executive Director.

Ms. DesBaillets: Accepted the position and thanked the commission; she is very happy to have been offered the position and is excited to be able to make programmatic decisions and to work together with the Commission.

- Requested that the position be changed from the 100% full-time position that was offered to a 90%, 11-month position.
 - Currently an 11-month employee. She is familiar with what needs to be done in the office in terms of the [First 5] programs and, although she does have a full month off during the summer, she breaks up the 11 months into shortened work days, and she is never out of the office for more than 2 weeks at a time. She breaks up her time so that nothing is left unaddressed at the office.
 - The Interim Executive Director, John Fisher, was offered the position at 60% FTE to help save money. The Commission had previously deemed that amount of work feasible.

Commission Comments

- Commissioner Escudero: Asked if Ms. DesBaillets would take one complete month off during the summer and then work 90% the rest of the year.
 - Ms. DesBaillets: Clarified that the one month during the summer would not be all at once, but would be spread out over the course of the 3 months of summer.
 Additionally, she would never be out of the office for more than two consecutive weeks.
- Commissioner Johnson: Asked if Kathy Peterson was 100%, and when told by Ms.
 DesBaillets that Ms. Peterson was at 90% when Ms. DesBaillets started and then was bumped up to 95% at the end of her term, he asked if that change was made at her request.
 - Ms. DesBaillets: Explained that the change was made at Ms. Peterson's request. Ms. Peterson did a lot of committee work for First 5 California because she had significant experience as an Executive Director. Because Ms. DesBaillets does not possess the same experience at this time, she will not be participating in those committees and that will not be coming out of her time. Collaboration time between Ms. DesBaillets and Ms. Peterson will also be saved because Ms. DesBaillets will not need to meet with anyone.
- Commissioner Adler: Was asked by Commissioner Johnson if she had any concerns with this request as Ms. DesBaillet's employer. She did not, and stated that there will be time to see what happens in the future; she thinks that Ms. DesBaillets feels confident in what she can accomplish and wants to support her.
- Commissioner Sassin: Noted that Ms. Peterson was actually at 80% when Commissioner Sassin started and was then incrementally bumped up to match the workload.
 Commissioner Sassin expressed some concerns about the amount of time required for the position and requested that Ms. DesBaillets let them know if the position needs to be changed in the future.
 - Ms. DesBaillets: Assured the Commission that she would let the Commission know if the model does not work out.

ACTION: Appoint Molly DesBaillets for the Executive Director of First 5 Mono County as a 90%, 11-month employee.

MOTION: Commissioner Johnson **SECOND:** Commissioner Escudero

VOTE: Unanimous

ABSTENTIONS: None

4. Annual Strategic Plan Review (ACTION)

Ms. DesBaillets: Explained that the Strategic Plan hasn't been officially adopted for this fiscal year, which is one of the requirements for Proposition 10 funding. Complimented the Commission on the Strategic Plan and stated that she would be happy to delve into the task of updating the Strategic Plan in the next fiscal year if the Commission so chooses.

ACTION: Adopt the Strategic Plan as it was revised in March 2009 for FY 2012-13 and task the new Executive Director with reviewing the plan and suggesting revisions to it. The Commission will take a thorough look at the plan in FY 2013-14 and revise it in a similar manner to the 2009 revision.

MOTION: Commissioner Johnson **SECOND:** Commissioner Escudero

VOTE: Unanimous ABSTENTIONS: None

5. Minutes (ACTION)

Consideration of minutes for the May 2, 2013 Commission meeting.

ACTION: Approve the May 2, 2013 Commission meeting minutes.

MOTION: Commissioner Adler **SECOND:** Commissioner Escudero

VOTE: Unanimous **ABSTENTIONS:** None

6. FY 2013-14 Grantee Agreements (ACTION)

Ms. DesBaillets: Explained that these are the contracts for First 5's school readiness activities, including the Transition to School Summer Bridge programs and Raising a Reader. Apologized for the number in 6a, which should be \$38,000 instead of \$3800. The amount is correct in the contract, just not on the agenda.

ACTION: Approval of the renewal letters between First 5 Mono Commission and community-based

grantees for FY 2013-14.

MOTION: Commissioner Escudero **SECOND:** Commissioner Johnson

VOTE: Unanimous **ABSTENTIONS:** None

--Close Public Hearing--

Commissioner Sassin closed the public hearing at 2:47 p.m.

7. Election of Officers (ACTION)

The Commission discussed the election of officers for FY 2013-14. Commissioner Adler volunteered to serve as Chair for one more year.

ACTION: Elect Commissioner Adler as Commission Chair, Commissioner Escudero as

Commission Vice Chair, and Commissioner Sassin as Secretary.

MOTION: Commissioner Johnson **SECOND:** Commissioner Escudero

VOTE: Unanimous **ABSTENTIONS**: None

9. Breastfeeding Education for Mammoth Hospital (ACTION)

Ms. DesBaillets: Discussed her meeting with Nancy Hamilton at Mammoth Hospital about Welcome Baby!, Parenting Partners, and the hospital's desire to fund lactation education training for the Labor and Delivery nurses.

- Six L&D nurses are interested in completing the training.
- There is \$5000 in the First 5 budget for Lactation Education, which would cover the costs for six nurses.
- The hospital will contribute staff time, letting the nurses complete the online training at work.
- One requirement for the training is participation in a breastfeeding support group, which will be beneficial for Café Mom through collaboration with the nurses.
- Training is very physiological and gives practical tips for helping moms. The nurses do
 call in the home visitors to assist with lactation, but since they are at L&D 24 hours per
 day, the two would complement one another very well.

The Commission also discussed Baby Friendly Status for Mammoth Hospital.

- The final decision by the hospital for Baby Friendly Status was no.
- Nancy Hamilton wants to proceed as far along the Baby Friendly path as possible without the official designation.
- Two red flags for the nurses and doctors at Mammoth Hospital:
 - Babies cannot be given a bottle unless it is medically necessary, i.e., the doctor must order it.
 - No pacifiers are allowed, which is difficult during circumcisions and for babies that have non-nutritional sucking needs
- Possible to promote breastfeeding without pushing it on people.

Commission Comments

- Commissioner Johnson: Noted that much more can be achieved by training nurses than by trying to get an official designation.
- Commissioner Escudero: Pointed out that Baby Friendly status can be too pushy. If somebody asks for a bottle, it's not their position to say 'No'. She believes that they can advocate for breastfeeding without reaching the point where they're forcing mothers to do it.

ACTION: Fund nurses to become certified lactation educators up to a maximum of \$5000, which is the amount that was budgeted.

MOTION: Commissioner Johnson **SECOND:** Commissioner Escudero

VOTE: Unanimous **ABSTENTIONS:** None

10. Home Visitor Annual Conference (ACTION)

Ms. DesBaillets: Discussed the Parents as Teachers training for the Home Visitors.

- The challenge has been grappling with 2000 pages of curriculum to find what is needed and become familiar with what is included.
- The annual Parents as Teachers conference is full of people who have been using this curriculum for many years.
 - Networking with professionals would make this conference specifically good for home visiting staff.
- This conference covers everything that is being done in Mono County.
 - Other conferences are too specific, i.e., too focused on breastfeeding or special needs.
- The other option would be to bring the trainers to Mono County.
 - Less than optimal because all of the Home Visitors would be doing the same thing. At the conference there are 40+ different workshops, so the staff can all go to different ones and then educate one another.
 - o Trainers are also focused on addendums to the curriculum, not the core curriculum.
 - This option would save \$1500.

Commission Comments

- Commissioner Sassin: So more training is needed, it's just a question of whether to bring trainers here or send the Home Visitors to the conference. Asked why the funds are anticipated – is it because the training is in October so the Commission is just approving that that's the plan.
 - Ms. DesBaillets: Yes, more training is needed. The CAPIT grant funded the initial training, which was a \$29,000 grant that paid for training and additional items. The agreement with Mono County Social Services is not in place yet for the coming fiscal year that starts July 1, but Ms. DesBaillets has spoken to Kathy Peterson, who anticipates giving First 5 the same grant as last year for this year and potentially for 3 consecutive years. She will be meeting with Ms. Peterson mid-July to finalize, which is why the funds are anticipated.
- Commissioner Adler: Recommended that the motion to approve should include verbiage regarding the pending funding.
- Commissioner Sassin: Noted that the networking opportunities will be hugely beneficial to the program.
 - o Ms. DesBaillets: Knowing that there are hundreds of people also doing home visiting is very helpful.

ACTION: Approve travel of the First 5 Home Visitors to the annual Parents as Teachers Conference pending the award of funding from Mono County Social Services.

MOTION: Commissioner Sassin **SECOND:** Commissioner Escudero

VOTE: Unanimous **ABSTENTIONS**: None

8. 2013-14 Meeting Schedule

Ms. DesBaillets: Schedule is the same as last year, i.e., the 3rd Thursday of the month, with the exception of the first two meetings. Requested that the commissioners check their schedules to confirm the dates, which can be switched if necessary.

- Must have 3 public hearings throughout the year one on the strategic plan, one for the First 5 California Annual Report, and one for the fiscal audit.
 - Community participating will be important for the strategic plan, will want to do a lot of community outreach to give people the chance to comment and provide input.

Commission Comments

- Commissioner Escudero: Not available for August meeting date.
- Commissioner Johnson: Not available for October meeting date.
- Commissioner Sassin: May not be available for August meeting date. Suggested holding
 the October meeting in Lee Vining to draw in North County residents, give them a
 chance to make their voices heard and get some input from North County. Asked Ms.
 DesBaillets to follow up with the other Commissioners regarding their availability for the
 proposed meeting dates.

11. Program Report

a. **CARES Plus Program**

Ms. Walker: First 5 was awarded CARES funding for the next 3 years.

- Met with the new AB 212 coordinator to work on picking dates and starting up for next year.
- Sent out the stipends to FY 2012-13 participants.

b. Kidapalooza/Oral Health Initiative

Ms. DesBaillets: Talked about Kidapalooza because it covered a lot of other programs.

- First 5 table had 8 people covering a lot of services.
 - Half bilingual, so there was no point when information couldn't be offered in Spanish.
- Claudia Molina was there.
 - o Passed out 300 oral health bags
 - Signed up 13 people for Tooth Tutor home visits to do oral health checks.
 - Lost mechanism to sign people up when Sierra Park Dental stopped doing anesthesia for children.
- One Peapod leader and Mahritza Gonzalez as an interpreter to recruit for Peapod.
 - o Signed up 19 people, 9 Spanish, 10 English.
- Passed out 25 bike helmets left over from Health & Safety Fairs. Next time plans to have at least 100 because it's so useful to be able to give them out for free.
- Signed up 7 families for Welcome Baby!/Parenting Partners 4 for WB!, 3 for PP
- Sylvia from TANF (Technical Assistance for Needy Families) was at the table and brought packets for families that are part of tribes.
 - TANF is a tribal program from Inyo County that just expanded to Mono County 2 months ago.
 - Discussion of the tribal population in Mono County.
- Jennifer from Mono County Sheriff's Office signed people up for Code Red.
- Passed out 150 books.

c. Child Signature Program

Ms. DesBaillets: The funds were released; we have created a warrant for the money to go to Inyo County, which is how the grant works.

d. Welcome Baby! Program

Ms. DesBaillets: Program is steaming along; the pediatricians have been using the Home Visitors much more frequently to do weight checks. The Home Visitors are working with all of the pediatricians to do weight checks for newborns who are struggling to gain their 0.5 oz. per day.

e. Parenting Partners (CAPIT Grant)

Ms. DesBaillets: Expanding the reach of Parenting Partners, met with the pediatricians at the hospital and Nancy Hamilton to make the nurses aware that First 5 can serve older children. She is continuing to think through the agencies and people with whom she can meet.

f. Childbirth Education Course

Ms. DesBaillets: Explained that they have shifted slightly to make Deanna Clark the designated childbirth educator, which has eliminated the coordination time amongst the Home Visitors.

 Deanna is passionate about childbirth education. She is still not trained, but is hoping to attend a course by the childbirth class after the next one. They are looking through courses to determine which one would be the best for her to take.

Commission Comments

- Commissioner Johnson: Asked Lara Walker if she had taken a course.
 - Ms. Walker: Has not been to one, the cost was prohibitive when they last researched childbirth education courses.
 - Ms. DesBaillets: Kathy Peterson really wanted all three Home Visitors to take a course. Now that Ms. Walker has taken on CARES and Debbie Riffel is doing Café Mom, Deanna Clark is available to do the Childbirth Education Class.
- Commissioner Johnson: Recommended talking to a few people to get input on which class to choose. Stated that it would be helpful to find a class that is compatible with what the pediatricians and OBs are teaching, want to make sure it's not conflicting. A lot of it is philosophy, and will need to be sensitive to politics. Pointed out that the parents are vulnerable and insecure and will embrace what they're told.
 - Ms. DesBaillets: Will talk to pediatricians and OBs and get their input.
 - Ms. Walker: The OBs are both comfortable with the current powerpoint and class curriculum.
 - o More discussion of easing the anxiety of parents rather than adding to it.

g. Breastfeeding Promotion and Outreach

Ms. DesBaillets: Discussed lactation stations.

- Impromptu lactation station at Kidapalooza.
- Kim Breitbarth will have a station available at the BBQ at the Lutheran Church during the 4th of July parade. The breastfeeding brigade in the parade will make an announcement that the chair is available.
- Deanna Clark is also spearheading breastfeeding outreach.

h. Peapod Playgroups (Prop. 63 MHSA)

Ms. DesBaillets: Peapod playgroups are going strong, although a lot are not holding sessions during the summer.

- Held annual Peapod training in Mammoth, including 3 hours of Darkness to Light training with Wild Iris and the rest of the time collaborating and talking about the challenges for each group.
- Lee Vining/June Lake group starts Monday, July 1 from 11-12 at the June Lake Community Center.
 - Jora has been working really hard. She is hoping to have some people from Mammoth attend to at least have some participation to start, but Ms. DesBaillets is also encouraging her to get people from the June Lake/Lee Vining area involved.
 - Starting out only in June Lake.
- Discussion of school enrollment in North County and Benton.
 - Bridgeport Peapod has been really successful, with 10-20 people for a while now.
 - Benton Peapod has 2 families that attend religiously.

i. School Readiness Activities

Ms. DesBaillets: Mammoth Elementary Summer Bridge just finished, we just received their invoice. The other schools will hold theirs in late July/early August.

- All the same teachers from last year.
- Been running really smoothly, communication with both school districts has been great.
- Kindergarten teachers really appreciate having some time to work with the incoming kindergarten students without the other students there.

12. Budget and Expenditures

Ms. DesBaillets: Went over the budget and expenditures to-date.

- Most line items are close to 100%
- Certain items such as payroll are lower because invoices for June have not been received yet.
- Two line items CAPIT and Oral Health-- are over budget due to the challenge of the transition in personnel and the lack of an Administrative Assistant keeping track of expenses.
 - Oral Health also over budget due to the large contract with Minicucci Associates that wasn't included in the budget. The contract was for the creation of the Oral Health database.

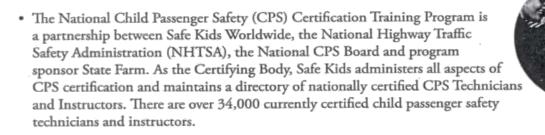

Meeting adjourned at 3:43 pm.

The next scheduled Commission meeting will take place on Thursday, August 22, 2013 in the MCOE Conference Room, Mammoth Lakes, California.

Accounting standards generally accepted in the United States provide for certain required supplementary information (RSI), such as management's discussion and analysis (MD&A), to supplement Mono County Children & Families Commission's basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to Mono County Children & Families Commission's RSI in accordance with auditing standards generally accepted in the United States of America These limited procedures will consist of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basis financial statements, and other knowledge we obtained during our audit of the basic financial statements. We will not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The following RSI is required by generally accepted accounting principles and will be subjected to certain limited procedures, but will not be audited.

- 1) Management's Discussion and Analysis.
- 2) Schedule of Revenues, Expenditures and Changes in Fund Balance, Budget and Actual
- 3) Schedule of Expenditures by Fund Source of CCFC Funds for First 5 Programs Activities

Our audit will be conducted in accordance with auditing standards generally accepted in the United States of America and the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and will include tests of the accounting records of Mono County Children & Families Commission and other procedures we consider necessary to enable us to express such opinions. If our opinions on the financial statements are other than unqualified, we will fully discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or to issue a report as a result of this engagement.

Management is also responsible for making all financial records and related information available to us and for ensuring that management and financial information is reliable and properly recorded. You are also responsible for providing us with (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, (2) additional information that we may request for the purpose of the audit, and (3) unrestricted access to persons within the government from who we determine it necessary to obtain audit evidence. Your responsibilities include adjusting the financial statements to correct material misstatements and for conforming to us in the representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

Your responsibilities include adjusting the financial statements to correct material misstatements and for confirming to us in the written representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

You are responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the government involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud or illegal acts could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the government received in communications from employees, former employees, grantors, regulators, or others. In addition, you are responsible for identifying and ensuring that the entity complies with applicable laws, regulations, contracts, agreements, and grants for taking timely and appropriate steps to remedy any fraud, illegal acts, violations of contracts or grant agreements, or abuse that we may report.

This responsibility includes relaying to us corrective actions taken to address significant findings and recommendations resulting from those audits, attestation engagements, performance audits, or other

studies. You are also responsible for providing management's views on our current findings, conclusions, and recommendations, as well as your planned corrective actions, for the report, and for the timing and format for providing that information.

Audit Procedures—General

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of financial statements. We will plan and perform the audit to obtain reasonable rather than absolute assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the entity or to acts by management or employees acting on behalf of the entity. Because the determination of abuse is subjective, *Government Auditing Standards* do not expect auditors to provide reasonable assurance of detecting abuse.

Because an audit is designed to provide reasonable, but not absolute assurance and because we will not perform a detailed examination of all transactions, there is a risk that material misstatements may exist and not be detected by us, even though the audit is properly planned and performed in accordance with U.S. generally accepted auditing standards and *Government Auditing Standards*. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements. However, we will inform you of any material errors and any fraudulent financial reporting or misappropriation of assets that come to our attention. We will also inform you of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential. Our responsibility as auditors is limited to the period covered by our audit and does not extend to later periods for which we are not engaged as auditors.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, and may include tests of the physical existence of inventories, and direct confirmation of receivables and certain other assets and liabilities by correspondence with selected individuals, funding sources, creditors, and financial institutions. We will request written representations from your attorneys as part of the engagement, and they may bill you for responding to this inquiry. At the conclusion of our audit, we will require certain written representations from you about the financial statements and related matters.

Audit Procedures—Internal Controls

Our audit will include obtaining an understanding of the entity and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting errors and fraud that are material to the financial statements and to preventing and detecting misstatements resulting from illegal acts and other noncompliance matters that have a direct and material effect on the financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to *Government Auditing Standards*.

An audit is not designed to provide assurance on internal control or to identify significant deficiencies. However, during the audit, we will communicate to management and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards and *Government Auditing Standards*.

Audit Procedures—Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of Mono County Children & Families Commission's compliance with the provisions of applicable laws, regulations, contracts, agreements, and grants. However, the objective of our audit will not be to provide an opinion on overall compliance and we will not express such an opinion in our report on compliance issued pursuant to *Government Auditing Standards*.

Engagement Administration, Fees, and Other

We understand that your employees will prepare all cash or other confirmations we request and will locate any documents selected by us for testing.

We will provide copies of our reports to Mono County Children & Families Commission, the State Controller's Office, and First 5 California; however, management is responsible for any other distribution of the reports and the financial statements. Furthermore, upon request, we may provide copies of selected audit documentation to the aforementioned parties. These parties may intend, or decide, to distribute the copies or information contained therein to others, including other governmental agencies.

You will be obligated to compensate us for all time expended and to reimburse us for all out-of-pocket costs through the date of termination. The above fee is based on anticipated cooperation from your personnel and the assumption that unexpected circumstances will not be encountered during the audit. If significant additional time is necessary, we will discuss it with you and arrive at a new fee estimate before we incur the additional costs.

About the Commission

The California Children and Families Act (also known as Proposition 10 or "First 5") was enacted in 1998, increasing taxes on tobacco products to provide the funds to create a comprehensive and integrated delivery system of information and funding for services to promote early childhood development from prenatal to age 5. Mono County currently receives approximately \$475,000 \$390,000 a year from these funds, through annual allocations, augmentations for small population counties, and school readiness and child care workforce retention incentive and child care quality matching funds. In order to access these monies—To access these funds, the county must adopt a strategic plan that shows how Proposition 10 funding will be used—how it will use Proposition 10 funds to promote a comprehensive and integrated system of early childhood development services.

The Mono County Children and Families Commission, (referred to as simply "the Commission" throughout) First 5 Mono, was created in 1999 by the Mono County Baord of Supervisors to:

- Evaluate the current and projected needs of young children and their families.
- Develop a strategic plan that describes how the community needs will be addressed describing how to address community needs.
- Determine how to expend local First 5 resources.
- Evaluate the effectiveness of programs and activities funded in accordance with the strategic plan. funded programs and activities.

Revision Plan

Input will be gathered in multiple ways with the goal of hearing from parents and community members county-wide. Participants will be provided with the Draft 2014-2019 Strategic Plan and will have access to the 2009 Strategic Plan. Issues to be considered include:

- 1. Program outcomes and on-going service demand for currently funded programs;
- 2. Information provided on the emergence of new priorities and opportunities, through discussion with community members, grantees, and Commissioners;
- 3. Capacity for sustained funding in light of limited and diminishing resources.
- 1. Outcomes and continued community need for currently funded programs.
- 2. New priorities and opportunities.
- 3. Capacity for funding.

With the notice of public hearings and the focus groups, we will also invite the public to submit written comments to the executive director.

Planning Retreat

In January the commission will participate in a planning retreat to review public input, past accomplishments and investments, and current unmet needs with the goals of: 1) identifying potential indicators of success and outcomes; and 2) prioritization of strategies based on commissioners' identification of need, impact, and available infrastructure.

Evaluation Results

Annual evaluation results from Fiscal Years 2009-2010 and 2010-2011 will be available at each focus group, community meeting, and public hearing, as well as posted on our website to help community members formulate suggestions for the strategic plan revision.

Financial Plan

As of July 1, 2013, the First 5 Mono County Children and Families trust fund had a net fund balance of \$522,522 \$554,601. All of these funds have already been committed to programs and services for children and families in the fiscal year 2013-14 and beyond. The challenge becomes how to manage the remaining resources, and new funds allocated to Mono County through the Prop 10 system, in a way that allows the strategies described in this plan to be successfully implemented and then sustained for a long enough period of time to allow measurable improvements in the well-being of young children. This is especially difficult in light of the current national economic downturn and the California State budget crisis, which places additional demands on Prop 10 funding by legislators and others looking for ways to fix the state budget crisis.

The State Commission has been providing an annual augmentation to support small county operations, which has allowed the Commission to free up tax revenues for programs. The rationale for this allocation was to address the administrative burden on small counties, who must use a proportionately greater share of their tax revenues to provide basic operations, including administrative services, planning, outreach, and evaluation. Currently, First 5 Mono County receives a guaranteed minimum allocation of \$200,000 per year regardless of the county's birth rate, plus an additional \$115,000 in support for operations costs. Mono County is eligible for \$115,000/year through FY 2008-2009, which constitutes 37% of the Commission's revenue. small county augmentations based on the amount of funds in First 5 California's unallocated account. and current births and 0-5 population in the county, approximately \$200,000 per year. The State Commission has committed to continuing these augmentations, at some level, through FY2008-2009-2013-2014 for eligible counties, which includes Mono County. Starting with FY 2009-2010, First 5 California will identify a new funding model for small population county augmentations. The implementation of an updated funding model may result in a reduction of the number of counties who are eligible, or may result in a reduction in the amount of funding small population counties currently receive, or both. However, with no information available, the administrative augmentation revenue remains at the original forecast. This assumption is based upon the history of State Commission support for small county augmentations.

The Commission's fund balance on July 1, 2005 was \$687,214. The fund balance on July 1, 2009 is projected to be \$377,159. The potential drop in Prop 10 augmentation revenues coming into Mono County, and the decrease in fund balance, means that special actions are needed to provide sustainable funding for programs, services and projects that are newly launched or maintained because of this strategic plan update. Therefore, In August of 2008 the Commission established a policy to set a minimum fund balance of no less than one year's current revenue (\$315,000), (\$295,000) thus allowing the commission to sustain program operations or close them out, should it be necessary.

In addition, The Commission will also continue to seek has actively sought succeeded in forging fiscal partnerships with other local agencies. in order to work collaboratively on fiscal matters. The Commission will prioritize funding programs that are able to leverage Commission funding to draw resources from other sources (such as local government, federal Medicaid and Targeted Case Management, the State Commission or other state funds). The Commission will encourage and assist programs in seeking funding from other sources to assure sustainability. Finally, the Commission will continue to seek funds from additional sources (aside from Proposition 10 revenues) to sustain the activities in its strategic plan.

The Commission has made significant, successful investments in home visiting and school readiness services. In order To preserve and enhance their investment in

existing infrastructure, the Commission does not anticipate issuing new general Requests for Applications (RFAs). Rather, Funds have been allocated below to refine and continue these existing strategies, as well as establish new services that address gaps identified through data gathered from the home visiting and school-linked service systems.

In compliance with state law, First 5 monies will be used only to supplement existing levels of service and/or create new services, and not to fund existing levels of service. No monies from the Children and Families Trust Fund will be used to supplant state or local General Fund money for any purpose. During the next five years (beginning in July 2009 2014), the Commission will dedicate funds aligning with the objectives of this strategic plan, using the following estimated guidelines: To be determined

AGREEMENT BETWEEN THE COUNTY OF MONO AND THE MONO COUNTY CHILDREN AND FAMILIES COMMISSION FOR THE PROVISION OF NEW PARENT SUPPORT GROUP SERVICES

TERM: FROM: 07/01/13 TO: 06/30/14

SCOPE OF WORK

Contractor shall perform the following work and services upon County's request:

Contractor shall hire, train, and provide administrative oversight to group facilitators, who will provide services including the establishment, facilitation, coordination, and development of "new parent" support groups ("support groups") in a manner that is consistent with the Mono County's Mental Health Services Act Innovation Project.

The focus of the project is on the development of new parent support groups countywide to enhance the mental health and stability of young parents. The learning goal will be to discover which strategies are most effective at encouraging utilization of local mental health services for various populations. The project will seek to increase the access to, and provide a forum for, "underserved" groups of new parents in all areas of Mono County by providing support groups to these persons. The identification of such persons shall be made by Contractor in consultation with the Mono County Mental Health Department.

The support groups will contribute to learning in a variety of ways, including fostering early recognition of emergent post-partum and other mental disorders and through provision of a forum for open and frank discussion of discussion of mental health issues (destignatization), where seeking assistance for mental health problems/issues is encouraged and normalized. The program will also provide a safe and secure setting for these parents to engage in discussion of mental health issues and issues facing new parents; work to increase the knowledge and confidence of new parents; and provide a forum to encourage new parents to gain stronger ties and connection to their community.

Topics that will be covered in each new parent support group will include: basic mental health issues, parenting skills and strategies, how to incorporate an infant into existing family structure, breastfeeding support, how to recognize the early signs of depression and other pre- and post-partum mental health issues, nutrition, and discussion of area resources for assistance. By presenting information about mental health within the same context that information is provided about parenting issues, the project seeks to destignatize the use of local mental health services.

County shall provide Training for the Mono County Children and Families Commission contract staff as needed to meet the terms and conditions of the MHSA Innovation project. In addition, funding will be available via the County to provide mental health support for individuals identified in the groups as needing mental health services and who have no other identified payor

source. Contractor will work with individuals identified through the support groups as persons needing mental health services by referring and encouraging them to contact Mono County Mental Health. Any such contact and referral shall be kept confidential from other group members, if communicated to Contractor outside of a group session. It is understood that contact and referral information made during a group session will be communicated to all group participants.

While providing these services, Contractor will also be evaluating the participants for mental health and other service referrals, and observing and reporting on the success of the group setting for distribution of, and information about, mental health services.

It is expected that Contractor will collaborate with Mono County Mental Health, Mono County Public Health, Mono County Department of Social Services, Mammoth Hospital, and the Mono County Superintendent of Schools. Contractor shall establish primary contacts with each of these agencies to facilitate the goals of this program.

Frequency of Groups

Contractor shall ensure that each group is run for a minimum of ten (10) sessions. For purposes of this Agreement, each ten-session group shall be referred to as a "Group." Groups may continue beyond ten sessions if Contractor and County determine that the Group is effectively furthering the goals of the Peapod project and that such continuation is not in conflict with the administration of other groups required under this Agreement.

The goal of this Agreement is that Contractor will conduct the following number of Groups, in the location and in the language specified, unless a lack of need or other circumstances prevents this specific goal from being reached. At a minimum, the following Groups will occur:

- Four (4) English speaking Groups will be run in Mammoth Lakes.
- Four (4) Spanish speaking Groups will be run in Mammoth Lakes.
- Four (4) English/Spanish speaking Groups will be run in the Northern part of Mono County, serving Walker/Coleville, Bridgeport, Lee Vining, and/or June Lake.
- Four (4) Groups will be run in the Southeastern part of Mono County, to include Crowley Lake, Chalfant, and/or Benton.

Contractor shall secure adequate space for Group meetings and shall provide all materials in support of Group activities. North County Groups may use the Antelope Valley Wellness Center, owned and managed by County, provided that Groups do not conflict with other scheduled activities.

Contractor shall maintain data collected from weekly and Group end participant surveys and will evaluate it locally to determine trends. During the span of this project, Contractor will use feedback from Group leaders and participants to alter its Groups so that they come as close as possible to meeting participant needs, while maintaining consistency with the purposes of the program.

Contractor will collect and maintain data on all Group referrals including which community services in addition to the support group are utilized, (e.g. public health, mental health, Mammoth Hospital, etc.) Contractor will try to determine if there are strategies that work better with certain participants to encourage continued attendance at the Groups, as well as utilization of mental health resources.

Data shall be turned in twice annually, along with the Contractor's request for payment for the second and fourth quarters.
